

OPAI MIDCON 2017
Cutting-Edge Technology with Robotic in
Prosthetics & Orthotics for DIVYANGJAN
in Collaboration with Uttarakhand State Council for
Science & Technology (UCOST)

OPAI/MIDCON/2017/Abstract/001

27.01.2017

Dear Friends,
Greetings from OPAI MIDCON 2017 Scientific committee.

I, on behalf of OPAI MIDCON 2017 Scientific committee welcome you for the Grand P&O congregation at Uttarakhand Council of Science and Technology, Dehradun with your scientific temperament on 24th-26th March 2017.

Scientific temper is incompatible with metaphysical beliefs. It cannot flourish in an unequalitarian society with high levels of literacy. Quality of deliberations at the conference on various developments in the form of paper and poster presentations, workshops, lecturers, impacts, tools and cross cutting methodologies will definitely vigor the scientific forum. With the following **vision**, I once again catalyze your technical pursuits to come forward for the MAHAKUMBHA (Grand Occasion) with quality scientific papers with the following aims and objectives:

- Enhance visibility in the public domain and perception, of the role played by P&O science.
- Focus on “How P&O Technology “works going beyond the knowledge of facts and evidence of application.
- Strengthen methods to impart learning on practice of P&O science.
- Diagnose the evolution of P&O technology in the country culture, specific context aligned with local relevance.
- Develop indicators of impact of P&O technology, recognizing challenges due to inferior quality outcomes and impacts of P& O experts initiatives expected to be achieved.
- Understand the “Hardest to reach out to” and the means of engaging such stake holders, recognizing the skills they possess to comprehend and understand the message.

Last but not the least, ensure political engagement and social inclusion through focused P&O Technology and devise methods to synergies public and democratic process.

The Guidelines and template for Paper submission attached herewith.

With regards,

Aratratran Patra
